

It's almost All About Water

This year's Annual Spring Meeting will include presentations from GBA Directors on key activities of our organization. This will be a time to celebrate our successes and to discuss the challenges ahead.

There is no bigger challenge that binds all of our members together than water. Water quality is something that GBA takes seriously and will be touched on at our meeting BUT water levels are the more pressing issue.

GBA will share our Water Levels Action plan and seek your input. We will discuss the short term access issues created by the current crisis low water levels. And we will discuss plans to get political action toward a responsible long term solution.

We have invited a few key guests from the political arena to join us at the meeting and offer their thoughts on water quality and quantity. Details will be communicated through our web site, georgianbay.ca, as the guests are confirmed.

The Georgian Bay Association's Annual Spring Meeting

Saturday, April 6th, 2013

LOCATION

International Centre
6900 Airport Road, Aviation Ball Room
Entrance 5 (use the south entrance to the International Centre from Airport Road – see map below)

TIME

Registration and Reception with light refreshments.....9:45 am
Meeting 10 am to 11:30 am

We are excited this year to hold our Annual Spring Meeting at the International Centre at the same time as Cottage Life is holding its Spring Cottage Life Show. We will be meeting in an adjacent ballroom with direct access to the Show after we wrap up. Cottage Life is offering a special discount off the admission price to their show for GBA members and our guests who attend this meeting.
